SCTE•ISBE: Essential Know... Professionals™

SCTE•ISBE is the premier membership organization for technical cable telecommunications professionals. SCTE•ISBE member benefits, technical training courses, certifications, and information resources focus on providing professionals on every level of the industry with the tools needed to develop and advance their expertise. By connecting members from cable operators and vendors through a wide-range of programs and events, SCTE•ISBE strengthens relationships and promotes technology-focused thought leadership.

Backbone

Modules

The following modules are included in this course. It is recommended that these be completed in the order presented. The final item in this list is the course final test. The final grade for the course is based solely on the final test score. The passing grade is 70%. The final grade is not recorded until the course evaluation survey is completed.

Launch: Production Program Core and Backbone

Launch: Network Operations Overview

Course Evaluation

Course Evaluation

Final Test

This is the course final test. The final grade for the course is based solely on the final test score. The passing grade is 70%. The final grade is not recorded until the course evaluation survey is completed.

Final Test: Network Operations Overview

Course Certificate

After the leaner completes both modules, they will click on the Final test link

Welcome to the Final Test for the Network Operations Overview.

Next steps:

- Pass the Final Test with a minimum score of 70%. You have 3 attempts to do so. You also have the opportunity to purchase additional attempts if needed.
- Provide feedback of your learning experience in the Course Evaluation.
- Collect your Certificate.

The learner will then click on the Final test link on the final home page

Final Course Test and Evaluation

Your progress

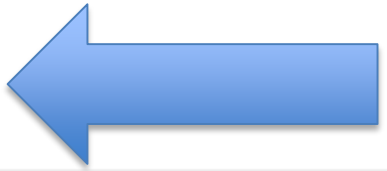
Step 1: Complete Final Test

Please complete the Course Final Test. This is an open book test so you can use your course materials, references and the Internet but you should not consult other individuals. The Course Final Test counts 100% toward your course score.

A passing score for the Final Test is 95%. If you do not pass the final test you can review the course materials and retake the test two times.

Good Luck!

Final Test: Network Operations Overview



Final Test: Network Operations Overview

Please complete the Course Final Test. This is an open book test so you can use your course materials, references and the Internet but you should not consult other individuals. There is a two-hour time limit for completing the test.

A passing score is 95%. If you do not pass the final test you can review the course materials and retake the final test two times.

Good Luck!

Attempts allowed: 3

Time limit: 2 hours

Grading method: Highest grade

Attempt quiz now
