### **About The Conference**

The SCTE Chapter Leadership Conference (CLC) is SCTE's premier annual event bringing together chapter leaders, volunteers, regional representatives, and industry partners to connect, collaborate and learn. CLC unites the dedicated individuals who advance SCTE's mission at the local level to share best practices, celebrate accomplishments, and strengthen their leadership impact across chapters, careers and the broader broadband and telecommunications community.

### **Why Attend**

- Strengthen leadership skills that matter—including communication, collaboration, and change management—through interactive and practical sessions
- Build lasting relationships with peers, mentors, and industry leaders who share a commitment to advancing SCTE and the industry
- Gain clarity on how to maximize your impact within your chapter, SCTE, and your professional career

### **Who Should Attend**

- Current and aspiring SCTE chapter officers and active volunteers
- Regional representatives and working group members
- Industry professionals and partners who support chapter programs and engagement
- Members interested in leadership development, career growth, and deeper involvement with SCTE
